THE DAY'S NEWS SUMMED UP.
OCTOBER 9, 1918.
THE SKY. Cloudy. Wind at 3 p.m., southwest; velocity, 5 miles. Thermometer, highest, 71 deg.; lowest, 55 deg. Forecast: Wednesday, probably showers.
For complete weather data see last page of this section.

THE CITY. Senator Wilson's reply to German appeal for peace stimulated sale of Fourth Liberty Loan Bonds.
Woman who shot herself after arriving in New York, after being released from German custody, was taken into custody at border by customs officers.
Capt. Robert Dollar, noted shipowner, at convention of harbor authorities, denounced laws hindering shipping interests.
Fifty-five cases of alleged influenza have been reported in the city, according to report of City Health Officer.
Public Service Commission ordered paralleling of private power lines stopped, obeying request of Federal officials.
Government departments to have exhibits at Liberty Fair, opening Saturday, officials announced.

SOUTHERN CALIFORNIA. No. 200 train to room in Santa Monica, assault, robs him. Suspect arrested.
Sensation in Santa Barbara police circles. Chief Kelly dies complaint with City Manager against Capt. Wall.
The killed near Riverside when train hits auto bus.
PACIFIC SLOPE. Deputy Attorney-General Benjamin receives letter threatening him and Gov. Stephens for their stand against L.W.W. activities.
United States Judge Dooling fines October 21 as date when charges that Receiver Howard M. Payne, old land custodian, used deposits to obtain personal credit contrary to ethics.
Civilians in deferred classifications on account of industry, including agricultural workers, who are barred from attendance at officers' training camps. All draft registrants may apply.

In deposing Governor of Chihuahua, Mexico, Gen. Murguia is said to have practically defied President Carranza, creating situation bordering on revolt.
Camp Lewis begins fight on influenza by closing all public meeting places. Vallejo also closes schools, theaters and churches. Red Cross active.
GENERAL EASTERN. National War Labor Board rules that increased wages, stand and fall with increased wages, in warning New Orleans unions that protest higher fares.
Lieut.-Col. Charles Glenn Collins of British army disappears from hospital in New York when sought to explain theft of pearls valued at \$8,000 in India.

WASHINGTON. Senate Committee lowers tax on distilled spirits, arranging moving-picture tax and reduces manufactured tobacco tax 2 cents a pound.
American shippers establish another world's record in September by delivering seventy-four vessels of 148,435 tons. Exceed previous high mark by 30,017 tons.
American Railway Express Company asks increases in rates which will raise \$27,579,000 if granted to be divided equally between Railroad Administration and express company. Shippers protest.
Senator Jones of Washington in resolution introduced in committee inquiring into German brewers' activities opposes limit to scope of investigation and reserves charges of corrupt practices and secret ownership of various newspapers besides the Washington Times, bought for Arthur Brisbane, Hearst's right-hand man.
Total loan subscriptions reported are \$1,400,000,000 with ten days to go for remainder of \$6,000,000,000. Officials reiterate warning that peace proposals should not be taken as efforts, but American people should show more plainly their full-hearted support of war.

SPORT SKIRTS
—to help you save—
Every real American is determined these days to save—to buy only the necessary things—and to buy carefully, so that every dollar gets a full dollar's worth.
When you buy your suit, buy for long wear. In that way you can save for yourself and your country. Thousands of Americans are finding that Hart Schaffner & Marx all-wool clothes wear longer. They hold their original color freshness and firmness of fit.
It's the same with hats, shirts and underwear. Stetson hats, Manhattan shirts and Cooper underwear possess the long-wear qualities that save money for you in the end.

CAMP LEWIS (Tacoma)
Orders issued today by
T.W.C.A. hostess homes,
Knights of Columbus and
Welfare League buildings
of like nature in and about
Lewis, to prevent influenza
among soldiers here, will
be canceled as unnecessary

The orders were issued and many visitors to camp themselves unable to find places to sit and wait for their friends. Some who had been expecting to eat lunch in the mess house, found it closed on the door closed lowered eating place to where soldiers are not for leave camp or civilians been, however.

The orders were issued as a precautionary measure, to Maj. Gen. Joseph D. Loomis, and in line with orders issued by the city of Manila and the Philippine army to place of amusement and for the public.

Indians showed a marked increase in the number of casualties here today. In the last 24-hour period to noon, there were seven killed and 25 new ones reported against fifty-seven reported

much as possible is expected to be the number of influence. This was one of the chief reasons for the order, which also opens windows in barracks, day stins for bedding.

Gen. Leitch said plans already being worked out to provide amusements for the troops, to take the place of that they have lost in the closing of their haunts and amusement places.

REPORT CASES OF INFLUENZA.

Appears to be Common Kind Hereabouts, However.

Children with Colds Must not Attend School.

Health Expert Tells How to Avoid, Know, Treat It.

Fifty-five cases of alleged influenza have been reported to City Health Officer Powers since last Saturday, that official announced yesterday, adding that many of these are doubtless simply colds. He added that the local, which is the ordinary, influenza cannot be distinguished from grip. If ordinary precautions are observed there is no cause for alarm, he said. His office will issue a bulletin today on the subject.

A meeting of school-teachers was held at Polytechnic High School yesterday to consider the situation. Dr. Powers instructed them not to

allow any child with a cold to attend school until the cold is well. Dr. Nathaniel B. Potter, former professor of medicine at Columbia, told the teachers of the causes, symptoms and treatment of the disease. He recommended the use of gauze masks by all persons afflicted with colds. This mask is made of light wire covered with six layers of aseptic gauze. It is worn over the nose and mouth, does not interfere with speaking or breathing. It costs about 5 cents to make.

Several cases of influenza were reported from the Sherman Indian School at Riverside yesterday, six of which have developed into pneumonia. The school has been quarantined.

County Health Officer Pomeroy said he had been notified of a considerable number of cases throughout the county, some of which are probably merely grip.

A statement from the State Board of Health puts the total number of cases in California at 300, and none of the officials are alarmed over the situation. Dr. Edward A. Ingham, State Health Officer for Southern California, says that, while there is no way of telling whether or not 300 is more or less than usual at this time of the year, the State board is taking no chances and has taken every precaution. The disease is now reportable and, while cases will not be quarantined, they will be isolated. To avoid influenza, avoid catching cold. Keep out of drafts, keep out of indoor crowds, keep your feet dry. Avoid persons with colds. Put a piece of tissue paper over the receiver of a public telephone before using it.

The symptoms of influenza are extreme lassitude, dizziness, nausea, aching bones, sore throat and other manifestations like those of grip. When you get it, go to bed at once and call a doctor. For your own sake and that of others, do not stir about until you recover.

LIQUOR LICENSE UP.
Charged with selling whiskey, gin and other strong drinks in violation of the Gander ordinance, the proprietors of the Cafe Cafe, No. 315 Central avenue, were notified yesterday to appear before the Police Commission next Tuesday and show cause why their license should not be revoked.

MRS. DE WEESE COULD NOT STAND

Because of Functional Disorder—Cured by Lydia E. Pinkham's Vegetable Compound.

Oakland, Cal.—"I suffered from irregularities and congestion, so I could not stand on my feet for any long period of time and did not sleep well. The physician who treated me did not seem to help me any and a friend advised Lydia E. Pinkham's Vegetable Compound. I took it and before I realized it I was well. I shall recommend your valuable remedy to my friends."—Mrs. L. H. De Weese, 605 Alcatraz Ave., Oakland, Cal.

Every woman at some period or other in her life suffers from just such disturbances as did Mrs. De Weese, and if there is no interested friend to advise, let this be a reminder that this famous root and herb remedy has been overcoming these ailments of women for more than 40 years.

If any complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

CHURCH FORMALLY SOLD

Transfer of Episcopal Congregation Property Recorded as Authorized by Court.

Thomas Hughes yesterday became the owner of the Christ Church property at Twelfth and Flower streets, it being transferred to him by W. W. Mines, who purchased it last July for the sum of \$17,000.

The deed, which was filed with the County Recorder, includes all real estate and personal property, exclusive of furniture, organ and memorials, and is subject to mortgages aggregating some \$65,000.

W. W. Mines purchased the property from the church congregation following an order by Superior Judge Welborn authorizing the sale to the highest bidder. The sale followed closely the resignation of the rector, Rev. Baker P. Lee. It has been announced that the Christ Church congregation contemplates the erection of a new building in the Wilshire district after the war.

SERBIAN LEADER DIES.

Prominent Figure in Local Colony Succumbs After a Short Illness.

John E. Ukropink, treasurer of the Serbian National Defense League, and for fourteen years a resident of Los Angeles, died Saturday at the Sisters Hospital, after a week's illness. He was an excavating contractor and for several years was treasurer of the Serbian Society. He was also a member of the Slavonian American Benevolent Society. He was born 33 years ago in Herzegovina, Serbia.

Mr. Ukropink leaves a cousin, R. J. Ukropink, in Ventura, and a nephew, Theodore Polich, here. The remains are at the mortuary of W. C. Draper. Interment will be in the Serbian Cemetery. The date of the funeral has not yet been decided.

SHERIFF TO ASK FOR FASTER AUTOMOBILES.

Sheriff Cline will ask the Board of Supervisors this week to replace several county machines with newer cars. The fact that on several occasions criminals have escaped arrest when pursuing deputy sheriffs have had to stop owing to engine trouble is believed to be the reason of the request. The Sheriff said that if the present machines, which have been in operation for several years were sold they could bring a large part of the money needed for new cars. "There is not a machine used by my office which cannot be outdistanced by most any car," he said. "There should be at least one car here which can match the speed of any auto bandit's car. If such a machine had been at the disposal of my men last week the auto bandits which have lately been working in Huntington Park and Vernon would now be in custody."

TEMPORARY ALIEN.

A temporary alien of \$30 a week was granted Mrs. Ethel Young by Judge Wood yesterday. In the preliminary hearing of her separate maintenance suit against Fred William Young, a pattern-maker, Mrs. Young alleged that her husband had refused to support her "just like the women in the picture," referring to the film play of "Damaged Goods."

OPPOSES OUR MARINE LAWS.

(Continued from First Page.)

The convention opened yesterday forenoon, and will continue today and tomorrow. In attendance are the Harbor Commissioners of Los Angeles, San Diego, San Francisco, Seattle and Portland, as well as port authorities from other Coast points. This forenoon the delegates will take a trip to Los Angeles Harbor, having luncheon at the Naval Reserve Training Station. In the afternoon they will be addressed at the chamber by William Sproule, former president of the Southern Pacific railway, who represents this district for the Railroad Administration.

Desires to be avoided, paralleling not being discussed at all.

Byron Erkenbrecher, member of the commission, said that in his talks with the major paralleling had been mentioned, and that the letter to Mayor Woodman, from Maj. Sever, was the commission's first intimation that the War Industries Board desired paralleling to cease. Mr. Moody stated that it had ceased several months ago.

Despite the order of Maj. Sever, it is said that employees of the power bureau yesterday morning were engaged in paralleling the line of a private electric concern at Third street and Gramercy place. This particular instance, it is said, was an extension of the city's electric service line to the home of Mrs. Kaurand, No. 357 Gramercy place, who was a customer of the private concern.

The order from Maj. Sever requires the city to submit weekly reports regarding business gained or lost during each week and to give addresses of all new consumers. Other power companies will be required to do likewise.

Price, Waterhouse & Co. yesterday submitted to Mayor Woodman a report on its audit of the public service department for the three and one-half years ending December 31, 1917. The cost of additions to the plant during that time was listed as \$2,524,956.42.

The auditors commented upon the fact that there is no reserve fund for maintenance of the aqueduct. It was suggested that detailed estimates of all work about to be done should be submitted to the department. President Robertson of the commission states that this plan has been adopted and that aqueduct maintenance is laid out of a maintenance fund.

ISSUES WARNING.

Cole Declares Food Administration Can't be Used in Any Advertising Scheme.

"The Food Administration cannot by any means be used for advertising purposes. Persons who advertise their products in the name of Herbert C. Hoover or of any branch of the administration will be severely punished."

Such was the statement made yesterday by Louis M. Cole, the local administrator, referring to the report that certain wholesale grocery and produce companies are contemplating furnishing free of charge bulletin boards for the retailers to post in their stores.

"We shall tolerate no advertising of any kind, except to mention brands of products differing in price, on the bulletin boards which grocers and retailers will post," Mr. Cole said. "The people are asked to cooperate with the Food Administration and report at once any infraction of this rule."

BOARD ISSUES "STOP" ORDERS.

Public Service Commission Acts on Demand.

No More Paralleling Private Electric Wires.

Report on Audit of Accounts is Presented.

The Public Service Commission, at the suggestion of Mayor Woodman, instructed the power bureau to immediately discontinue the paralleling of other power lines in the city, in compliance with an order received yesterday by the Mayor from George J. Sever, major of engineers for the War Industries Board.

Before the matter was taken under consideration Burdett Moody, business agent for the power bureau, was called before the commission to give information regarding meeting with Maj. Sever. Mr. Moody said he had never talked with the major but once, and semiofficially that time, and during the conversation it was merely suggested that economic

DESIGNATED AS NO MAN'S LAND.

Set Aside Eighty Acres in Ventura County for Use of Stock Raisers.

Information that eighty acres of land, three miles southwest of Gorman, Ventura county, have been set aside by the government, under the stock-raising act recently passed by Congress, as our first "No Man's Land" for the use of the general public as a cattle driveway and grazing ground, was received here yesterday by Register Groves and Receiver Mitchell of the local Land Office.

This land is reserved from disposal under any of the public land laws, and is set aside so that cattle may be driven from the pasture to another without trespassing upon homestead rights. It is the intention of the government to set aside a number of these tracts in various parts of the country.

PROMINENT IN DELIBERATION AT ANNUAL CONVENTION OF PACIFIC COAST ASSOCIATION OF PORT AUTHORITIES.

Left to right they are: Charles B. Moore, commissioner of port of Portland; David F. Morrison, editor Portland Telegram; J. H. McCallum, harbor board of San Francisco; Capt. Robert Dollar; C. M. Gordon, president Los Angeles Harbor Commission; W. P. LaRoche, Portland dock commissioner; and C. H. Malson, traffic manager Los Angeles Harbor Commission.

CHURCH FORMALLY SOLD

Transfer of Episcopal Congregation Property Recorded as Authorized by Court.

Thomas Hughes yesterday became the owner of the Christ Church property at Twelfth and Flower streets, it being transferred to him by W. W. Mines, who purchased it last July for the sum of \$17,000.

The deed, which was filed with the County Recorder, includes all real estate and personal property, exclusive of furniture, organ and memorials, and is subject to mortgages aggregating some \$65,000.

W. W. Mines purchased the property from the church congregation following an order by Superior Judge Welborn authorizing the sale to the highest bidder. The sale followed closely the resignation of the rector, Rev. Baker P. Lee. It has been announced that the Christ Church congregation contemplates the erection of a new building in the Wilshire district after the war.

SERBIAN LEADER DIES.

Prominent Figure in Local Colony Succumbs After a Short Illness.

John E. Ukropink, treasurer of the Serbian National Defense League, and for fourteen years a resident of Los Angeles, died Saturday at the Sisters Hospital, after a week's illness. He was an excavating contractor and for several years was treasurer of the Serbian Society. He was also a member of the Slavonian American Benevolent Society. He was born 33 years ago in Herzegovina, Serbia.

Mr. Ukropink leaves a cousin, R. J. Ukropink, in Ventura, and a nephew, Theodore Polich, here. The remains are at the mortuary of W. C. Draper. Interment will be in the Serbian Cemetery. The date of the funeral has not yet been decided.

SHERIFF TO ASK FOR FASTER AUTOMOBILES.

Sheriff Cline will ask the Board of Supervisors this week to replace several county machines with newer cars. The fact that on several occasions criminals have escaped arrest when pursuing deputy sheriffs have had to stop owing to engine trouble is believed to be the reason of the request. The Sheriff said that if the present machines, which have been in operation for several years were sold they could bring a large part of the money needed for new cars. "There is not a machine used by my office which cannot be outdistanced by most any car," he said. "There should be at least one car here which can match the speed of any auto bandit's car. If such a machine had been at the disposal of my men last week the auto bandits which have lately been working in Huntington Park and Vernon would now be in custody."

TEMPORARY ALIEN.

A temporary alien of \$30 a week was granted Mrs. Ethel Young by Judge Wood yesterday. In the preliminary hearing of her separate maintenance suit against Fred William Young, a pattern-maker, Mrs. Young alleged that her husband had refused to support her "just like the women in the picture," referring to the film play of "Damaged Goods."

OPPOSES OUR MARINE LAWS.

(Continued from First Page.)

The convention opened yesterday forenoon, and will continue today and tomorrow. In attendance are the Harbor Commissioners of Los Angeles, San Diego, San Francisco, Seattle and Portland, as well as port authorities from other Coast points. This forenoon the delegates will take a trip to Los Angeles Harbor, having luncheon at the Naval Reserve Training Station. In the afternoon they will be addressed at the chamber by William Sproule, former president of the Southern Pacific railway, who represents this district for the Railroad Administration.

Desires to be avoided, paralleling not being discussed at all.

Byron Erkenbrecher, member of the commission, said that in his talks with the major paralleling had been mentioned, and that the letter to Mayor Woodman, from Maj. Sever, was the commission's first intimation that the War Industries Board desired paralleling to cease. Mr. Moody stated that it had ceased several months ago.

Despite the order of Maj. Sever, it is said that employees of the power bureau yesterday morning were engaged in paralleling the line of a private electric concern at Third street and Gramercy place. This particular instance, it is said, was an extension of the city's electric service line to the home of Mrs. Kaurand, No. 357 Gramercy place, who was a customer of the private concern.

The order from Maj. Sever requires the city to submit weekly reports regarding business gained or lost during each week and to give addresses of all new consumers. Other power companies will be required to do likewise.

Price, Waterhouse & Co. yesterday submitted to Mayor Woodman a report on its audit of the public service department for the three and one-half years ending December 31, 1917. The cost of additions to the plant during that time was listed as \$2,524,956.42.

The auditors commented upon the fact that there is no reserve fund for maintenance of the aqueduct. It was suggested that detailed estimates of all work about to be done should be submitted to the department. President Robertson of the commission states that this plan has been adopted and that aqueduct maintenance is laid out of a maintenance fund.

BOARD ISSUES "STOP" ORDERS.

Public Service Commission Acts on Demand.

No More Paralleling Private Electric Wires.

Report on Audit of Accounts is Presented.

The Public Service Commission, at the suggestion of Mayor Woodman, instructed the power bureau to immediately discontinue the paralleling of other power lines in the city, in compliance with an order received yesterday by the Mayor from George J. Sever, major of engineers for the War Industries Board.

Before the matter was taken under consideration Burdett Moody, business agent for the power bureau, was called before the commission to give information regarding meeting with Maj. Sever. Mr. Moody said he had never talked with the major but once, and semiofficially that time, and during the conversation it was merely suggested that economic

DESIGNATED AS NO MAN'S LAND.

Set Aside Eighty Acres in Ventura County for Use of Stock Raisers.

Information that eighty acres of land, three miles southwest of Gorman, Ventura county, have been set aside by the government, under the stock-raising act recently passed by Congress, as our first "No Man's Land" for the use of the general public as a cattle driveway and grazing ground, was received here yesterday by Register Groves and Receiver Mitchell of the local Land Office.

This land is reserved from disposal under any of the public land laws, and is set aside so that cattle may be driven from the pasture to another without trespassing upon homestead rights. It is the intention of the government to set aside a number of these tracts in various parts of the country.

PROMINENT IN DELIBERATION AT ANNUAL CONVENTION OF PACIFIC COAST ASSOCIATION OF PORT AUTHORITIES.

Left to right they are: Charles B. Moore, commissioner of port of Portland; David F. Morrison, editor Portland Telegram; J. H. McCallum, harbor board of San Francisco; Capt. Robert Dollar; C. M. Gordon, president Los Angeles Harbor Commission; W. P. LaRoche, Portland dock commissioner; and C. H. Malson, traffic manager Los Angeles Harbor Commission.

REVIEWS.

VAUDEVILLE AND FILMS.

There are so many good features on the current bill at the Burbank that it is hard to pick a headliner. Probably first place goes to "Honor Cross," one of the four movie features of the week. It is a sensational sex problem play starring Rhea Mitchell and Herschel Mayall. The other three movie features are the latest comedy scream of Eddie Lyons and Lee Moran; some recent views of the actual fighting over there, and "Photoville" movies.

In addition to these features, the Burbank has its usual vaudeville, consisting this week of four acts. Kinke, a versatile vaudevillean, has a novelty surprise offering that causes the audience to rub their eyes in amazement. Dupree and Wilson provide laughs in their comedy singing sketches, while George F. Morey, "musical ventriloquist," also offers much mirth. Harry and Louise LaMont present a good line of non-sensational entertainments.

Hippodrome. The Hippodrome has secured "Kildare of Storm," a five-part picture featuring Emily Stevens and King Baggot, to help celebrate the first week under their new policy. Kildare is the last of a famous family of Kentuckians, and marries only to keep his family from entirely disappearing.

Lillian Ward Davis, otherwise known as the American Girl, heads the vaudeville end of the show. Her clever little skill reviews America's history from the very beginning. And introducing Raggy and Alf Ripon—we might say that you can even laugh at a ventriloquist and his dummy. The Dumitrescu Troupe completes three able-bodied gymnasts who wiggle and twist over the various bars and springs. But the real laughs of the day come with Peat and Stevens, who present their Chinese Laundry. Fred and Eva Moxart are the only snow-shoe dancers in the world, and Brinkman and Stella Sienor dance to the tune of "Three of a Kind."

With Lillian Walker in "The Embarrassment of Riches," and Frank Keenan in "The Public Defender," as the featured attractions, the Victory has a bill that is bound to please every class of theater-goer. The program is evenly divided between laughs and dramatic theater. Miss Walker furnishes the mirthful moments in "The Embarrassment of Riches," in the role of a little factory girl who inherits a large fortune, and then starts out to spend it. She finds she can buy everything she wants but love, and the methods she employs to get marital happiness are bound to make every side-splitting person.

"The Public Defender" is a play that suits Keenan's particular style of acting, affording him a role that gives him ample opportunities to display his wonderful character work.

Another big feature bill is being displayed at the Palace. William B. Hart is seen in his latest smashing western drama, "Riddle Gawne." Roscoe Arbuckle appearing in "Fatty's Wild Night," Chester Conklin's "Tamale Army," and the Christie players stage "Oh, Bobbie, How Could You Treat Me?" touch of spice to the programme, and the Christie players stage "Oh, Bobbie, How Could You Treat Me?" touch of spice to the programme, and the Christie players stage "Oh, Bobbie, How Could You Treat Me?" touch of spice to the programme.

Do You. The man of the West, William B. Hart, will entertain De Luxe patrons Tuesday and Wednesday evening, when he appears as "Shark Monroe." In this picture his many admirers will find him in an entirely new environment. He is seen as the master of a sealing schooner, whose reputation for ferocity is the by-word along the Pacific coast. There are many remarkably realistic scenes in this story of the sea, and the fertile and tense moments are not lacking. C. Gardner Sullivan is the author of "Shark Monroe." Katherine McDonald appears with Hart in "Shark Monroe."

FIND NO MILK TRUST.
So Council Committee Orders Shelving of Charges Involving City Health Department.
Charges that there is a milk trust in Los Angeles and that the health department is not only winking at it, but aiding it, were ordered shelved yesterday by the Health and Sanitation Committee of the Council. The committee declared that the charges were absolutely without foundation and it will report to the Council that no further consideration should be given them. This is a complete exoneration for Health Commissioner Powers and his assistants.

It was decided by the committee to recommend that Milk Inspector Beale be allowed an increase in his mileage rates. He now is permitted to charge the city 4 1/2 cents per mile for the use of his own automobile. The State is paying 1 cent per mile, but this figure was not approved by the committee. It will act upon the question at the next meeting.

LYMAN RELEASED.
Promoter of Panama Investment Company Secures Freedom at Atlanta.
Information has been received here that Dr. John Gray Lyman, the spectacular promoter, well-known in this city for his operations in connection with the Panama Investment Company, has been released from the Federal penitentiary at Atlanta, Ga., by the habeas corpus route, although the exact nature of the claim advanced in his behalf is not known.

Lyman was indicted by the Federal grand jury in Boston, June 2, 1918, for using the mails in a scheme to defraud, involving his operations in New York, and it is understood he is now being held for trial there.

FLASHES.

KNOW THE FEEL OF WAR.

Russian Dancers at Orpheum Baptized in Flame.

By Grace Kingsley.
Romance of War.
A nice little romance of the war came to light yesterday at the Orpheum, involving the lovely little dancer, Alla Moskova, and her partner-husband, Boris Petroff, and two of their friends.

"When the war first broke out in Russia, we were both dancers in the Imperial Ballet," said Miss Moskova. "So were my chum, Tina."

PLAN RECEPTION FOR WOMAN WAR WORKER.
Leaders in the Local United Fund Drive are to Welcome Mrs. Davison.

With the arrival in Los Angeles of Mrs. Henry P. Davison of New York, chairman of the National Woman's Committee for the United War Work campaign, an important conference is scheduled for Friday morning by local women actively interested in the big national drive, scheduled for November 11 to 13.

Mrs. Davison, who is the wife of the head of the national American Red Cross organization, is treasurer of the war work council of the national Y.W.C.A., and her western trip at this time is made for the purpose of co-ordinating the campaign work of the women's organizations preliminary to the November drive. Incidentally, she is the author of "The Little Sister of the Red Cross," and one of the best-known women war workers of the nation.

Mrs. Davison is expected to arrive Thursday evening and will be entertained at the Alexandria. The general committee who will honor Mrs. Davison upon the occasion of her visit here, includes Mrs. W. A. Bartlett, representing the California State Committee of the Y.W.C.A.; Mrs. W. A. Moser, national Y.W.C.A.; Mrs. W. F. Callendar, Pacific Coast department, Y.W.C.A.; Mrs. B. C. Chan, representing the Y.M.C.A.; Mrs. Edward C. Higgins, Catholic Women's Club; Mrs. E. F. Nagler, Jewish Women; Mrs. J. M. Danziger, War Work Community Service; Miss Kennedy, camp librarian, and a representative member of the Salvation Army.

A week from today Dr. Marguerite S. Sackett, who has engaged in refugee work in France and been associated with the Y.M.C.A. over there since America has been fighting, will arrive here and tell club women of Los Angeles of the opportunities for them to become overseas canteen workers.

The recruiting of women for Y.M.C.A. canteen service in France is in charge of Miss Mabel I. Pierce in San Francisco. Women of strong personality, perfect health and some business experience are needed at once, it is stated. No woman who has a husband or son in the service, or who is not 25 years of age can be considered. The service is for one year or longer.

DISCUSS CHARITY.
Work Among Poor Children is Described by House Society at Annual Meeting.
Telling of their work among the poor children of the city, members of the Children's Home Society held their annual meeting yesterday afternoon at the First Congregational Church. Dr. F. B. Kellogg presided. It was reported that during the year 123 children were cared for at the home. No. 2414 Griffith avenue, and that more than \$40,000 was spent to advantage.

The meeting was opened by the Rev. Wallace W. Willard, following which there were several short talks by Mrs. Stoddard Hard, Public Defender Wood, Mrs. Oliver C. Bryant of the State Board of Charities, and Eli F. Clark, treasurer of the society. Motion pictures were shown, with a lecture by Dr. Kellogg.

FILM MAN FIXED.
T. J. Shirley, moving-picture exhibitor, found guilty of exhibiting an alleged indecent picture in a Main-street theater yesterday was sentenced to pay a \$75 fine. The case was heard by a jury in Police Judge Cheesbro's court, and the verdict returned after the jury had listened to considerable testimony and had witnessed an exhibition of the film, arranged for their benefit.

Bothwell Browne, "Yankee Doodle." The first Paramount-Mack-Sennett photoplay in which Bothwell Browne has been seen, is scheduled for exhibition purposes early in November. This photoplay is of the popular type and is a comedy. It is one of the famous Sennett thrills. Bothwell Browne claims he has never been on the stage, and those who have watched him "vamp" before the footlights know that he is something good in store. The title of the picture is "Yankee Doodle." It will be seen first at Grauman's.

Triangle Dances. Rumor is rife on the Triangle Culver City lot these days, where the Goldwyn forces are proposing to set up their lares and penates. Among other things, it is said on good authority that the picture "The Sign of the Cross" is being made up there, and that Bill Desmond is lined up to produce pictures under the management of Jesse Hampden, producer of the Kerrigan pictures.

Boy Stewart Goes to Pathé. Roy Stewart, former Triangle star, has signed up a contract to make pictures for Pathé.

TWO :: AT :: THE :: MOROSCO.

They are Marion Vantine and Chas. Gunn.

Miss Vantine is the Artist's Model
in "The Pipes of Pan," now playing, and Mr. Gunn is the new leading man in "The Sign of the Cross," now playing.

Agnes, and her husband. But the ballerina was all broken up and her husband went to war, and we went into the Red Cross service. We both went right up near the front to aid in the Red Cross work, and then one day I got word that Boris was dead. I was nearly frantic. Then word came that Tina's husband had saved his life—and that he was in a Moscow hospital. So I went to him and nursed him, and when he was well enough we both came to this country.

Fay Bainter in Vaudeville. Fay Bainter, the little Los Angeles ingenue, who has scored such a big hit in New York during the past two seasons as star of "Arms and the Girl" and "The Willow Tree," is now planning a piece in vaudeville.

Something New. Barker Bros. are offering something new in the line of entertainment; in fact, it's something very new. It's a free musical entertainment every Wednesday afternoon. Some of today's special features include selections from Puccini, Liszt, and McDowell.

Crane Wilbur to Sign? Crane Wilbur, who has been playing leads at the Liberty Theater, Oakland, arrived in the city yesterday, and is said to be entering into negotiations with one of the leading picture companies, and will probably sign a contract today.

Out of the Silence. Enid Maykey and her mother are in New York. It is said Miss Maykey has had one or two encounters with offers to go on the road with productions.

Nancy Fair in Electric. That delicious little enter, Nancy Fair, who played an all too brief ingenue engagement at the Morosco last winter, is heard from in clarion tones. Miss Fair has her name in electric lights on Broadway, in New York, in the Winter Garden show, and is scheduled to be featured in still bigger lights and type next November, when the new Winter Garden show goes on. Miss Fair is playing opposite Charlie Ruggles.

Mollie McIntyre a Film? Mollie McIntyre may not return to New York after all. She has received a couple of offers in picture and may remain in the West.

Eltinge Finishes Picture. Julian Eltinge has just finished his big new feature propaganda picture, "Over the Rhine," in which the whole fleet of airplanes is used. He will commence work on a new feature, again under the direction of Fred Balshofer, within a few days.

Bothwell Browne, "Yankee Doodle." The first Paramount-Mack-Sennett photoplay in which Bothwell Browne has been seen, is scheduled for exhibition purposes early in November. This photoplay is of the popular type and is a comedy. It is one of the famous Sennett thrills. Bothwell Browne claims he has never been on the stage, and those who have watched him "vamp" before the footlights know that he is something good in store. The title of the picture is "Yankee Doodle." It will be seen first at Grauman's.

Your dollars
NOW-mean
fewer gaps
THEN

When we welcome them back—when it's all over - when the last ounce of energy necessary to crumple the world menace has been spent - you will feel better to know that the gaps in the ranks are not because you, here at home, did not do **YOUR** level best.

Money can never fill those gaps - but, far better, it can prevent them. Money, Liberty Bonds, means well-equipped soldiers. Well-equipped soldiers mean victory at less cost of life.

The way you buy Bonds is the soldier's measure of your support. Let the soldier fighting your fight know that you are "with him" to the last trench.

Jerome Victim Who Shot Her

Mrs. Angela C. Kaufman.

SUES RAZOR MAGNATE

Divorce Action in this City Sequel to National New York Shooting

An apparent air of mystery and unusual conditions surround the divorce action of Mrs. Angela C. Kaufman against Joseph Kaufman, which was tried by Judge Wood yesterday and submitted for authorities to be presented by the attorneys engaged in the case.

Mrs. Kaufman, who married her first husband when she was 19 years of age and obtained a divorce in Reno, married Mr. Kaufman, head of a safety razor factory in Brooklyn, in 1915. The testimony of Mrs. Kaufman yesterday was that she has an income approximating \$30,000 a year and allows her alimony of \$500 a month.

She charges in her suit that her husband, who is now in France in the service of the government, deserted her. But as the desertion occurred in New York, where desertion is not a cause for divorce, the question now is whether a decree can be granted in California on that allegation.

Mr. Kaufman brought suit for annulment in the New York courts, charging that Mrs. Kaufman had not acquired a legal separation from her former husband at the time of her second marriage. A denial was set up, and it was during the trial of the action, it developed yesterday that Mrs. Kaufman was grilled on cross-examination by former Dist. Atty. Jerome, counsel for Mr. Kaufman. Mrs. Kaufman left the courtroom in New York in a state bordering on hysteria, it was said yesterday.

She said he went out with her but once when he was in New York, which was the final separation. She said yesterday that she had not seen him since. She said she had not seen him since. She said she had not seen him since.

She said he went out with her but once when he was in New York, which was the final separation. She said yesterday that she had not seen him since. She said she had not seen him since. She said she had not seen him since.

She said he went out with her but once when he was in New York, which was the final separation. She said yesterday that she had not seen him since. She said she had not seen him since. She said she had not seen him since.

CONFER ON PLANS TO BUILD PORT HOUSES.

WAR BOARD TO BE ASKED TO GRANT PRIORITY FOR MATERIAL.

Plans to resume building in the harbor district were formulated yesterday at a conference held in the office of the Emergency Fleet Corporation. The conference was called by E. A. West, regional director of housing and transportation for the Pacific Coast. Other Shipping Board representatives included T. W. Ransom, Los Angeles representative, and H. W. Moore, local representative of the housing department.

It was decided at the conference to recommend that a zone of four miles radius from the shipyards at San Pedro, Long Beach and Wilmington be created and that permits be granted for 400 houses in each district.

The War Industries Board will be asked to grant priorities for building material, and the local building department will be asked to grant permits for the buildings.

It was decided to recommend that a local committee subsidiary to the County Council of Defense be appointed to pass upon permits in the harbor district, the committee to consist of a representative of the Emergency Fleet Corporation, the County Council of Defense and the Chamber of Commerce in each city.

SLAYER IS INSANE.

Jury so Decides in Case of Man who Stabbed Secretary to Metaphysician Following Quarrel.

Charles Anderson, slayer of William McKendrick, former secretary to George E. Burdell, a metaphysician of No. 1216 South Flower street, was adjudged insane by a jury in Superior Judge Willis's court yesterday. Judge Willis ordered Anderson committed to Patton.

Anderson was indicted for murder, but through his attorneys, Le Compe Davis, affidavits as to his sanity were filed and a sanity hearing was ordered. Anderson was charged with stabbing McKendrick in the leg when an altercation arose over his seeing Burdell. Before medical attention could be summoned the secretary died to death.

SUSIE HARTMAN TAKEN AS PRISONER.

GIRL IN BOY'S LEGS LEGED TO HAVING BEEN CAUGHT BY POLICE.

Susie Hartman, 19, "reappeared" yesterday when she was caught in the act of having sex with a man in a room at the Hotel New York. She was taken to the police station.

Displaying the same characteristic her previous escapades, she was taken to the police station. She was taken to the police station.

When searched by the police, she was found to have a loaded automatic in her pocket. She was taken to the police station.

GIVEN ALIBI. Gonzalez, 24, who was taken to the police station. She was taken to the police station.

Min Leone Fraile of the same street was taken to the police station. She was taken to the police station.

RELIEVED FROM ITCHING BURN.

HERE'S BUSINESS MELANGE.

Because of the approach of winter, when over a large part of the country the joy is taken out of joy riding, and because of the saving expected to be made by the closing of the season, it now seems probable that Sunday driving will not be placed under the ban in California. At least not yet.

Bank clearings for the twenty principal cities on the Pacific Coast show constant monthly increase in the face of heavy withdrawals and loan and reservations.

The California rice crop is rated at 100,000 tons. Those interested in the rice industry are interested in the fact that the State is destined to become one of the great producing centers of the world.

Government prunes requirements cut the civilian allotment of the favorite fruit almost to nothing. The California crop was estimated early in September at 150,000 tons, but the reduced figures by several million pounds.

The Arizona cotton report shows the crop is 80 per cent. This is a new development and the Arizona yield this year is estimated at 50,000 bales against 35,000 bales in 1917. Pickings are now going forward as fast as the labor can be secured.

Liberty loan campaigners expect subscriptions to come in faster than ever now. Buyers who were holding back from subscribing their limit

WEDNESDAY MORNING.

NOT TEN DAYS NOW LEFT. **Raised in Los Angeles.**

(Continued from First Page.)

They must tell the world that the money is not being hoarded in the hands of a few, but is being put to use in the hands of the many. The speaker was J. S. Wilson, and when he had finished saying the enemy and exposing him in all his "frightfulness," he asked every man who would subscribe a minimum of \$100 to raise his right hand. Both plans suspended operations for two hours, and the officials of each company from the presidents down turned themselves into a bond-selling committee and aided in recording the pledges.

Then Mr. Wilson asked if those who felt that they could or would subscribe a minimum of \$100 in the works of the Liberty Loan would raise both hands. EIGHT THOUSAND HANDS WENT UP. THE AFTER ALMOST BEFORE HE HAD FINISHED SPEAKING.

EVERY SINGLE HAND WAS RAISED. Then Mr. Wilson asked if those who felt that they could or would subscribe a minimum of \$100 in the works of the Liberty Loan would raise both hands. EIGHT THOUSAND HANDS WENT UP. THE AFTER ALMOST BEFORE HE HAD FINISHED SPEAKING.

Of the ten principal towns in Riverside county, all already have raised a minimum of \$100 in the works of the Liberty Loan, according to figures received last night. Riverside, with a quota of \$160,000, reported subscriptions totaling \$112,000 last night; Corona has secured \$200,000; Hemet, \$127,000; San Jacinto, \$165,000; Banning, \$100,000; Murietta, \$161,500.

Actors and actresses from the Mack Sennett studios were in charge of the program at the "Victory" in Central Park last night. Through the efforts of Charlie Murray, who acted as master of ceremonies, and his aides—Ben Turpin, Fred Sterling, Chester Conklin and Louie Fazenda—subscriptions to the Liberty Loan were secured.

The tank "Liberty" reported subscriptions as follows yesterday: Pasadena, \$114,000; San Bernardino, \$111,000; and San Gabriel, \$109,000, making the total subscriptions \$1,094,500 for its tour.

WARE, HAWK! Automobileists, beware! When you are driving to the beach via Sawtelle slow down a few miles per hour. The cops will get you if you exceed that speed limit between Third and Sixth streets.

WOMEN SWELL BOND SALES.

Subscriptions Secured by Workers Near Four-Million Mark.

The Women's Liberty Loan Committee yesterday reported a total of \$2,857,800 in bond sales, up to and including Monday. This brings the Women's Committee close to the \$4,000,000 mark, with many units yet to be heard from.

Mrs. J. T. Anderson, Los Angeles city and county chairman, stated yesterday that the women of the city had sold \$285,000 in bonds on Saturday, which was their National War Work Day. The women's club has reported in \$275,550, while the women of Los Angeles county, outside of Los Angeles city, have piled up a total of \$2,949,450.

According to Mrs. Anderson, the women of the small towns in the county are achieving unusually fine results, several as in the case of Miramonte, having already passed their quota. Miramonte, Mrs. John Wright, chairman, has sold bonds to the amount of \$10,500, which is \$200 over her quota.

Lankershim, Mrs. Fred Weddington, chairman, has a total of \$30,000. On Saturday, the sale of \$11,400 was recorded in less than two hours. Hollywood, Mrs. M. C. McQuarre and Mrs. Hubbard, chairwomen, reached the half million mark. Beverly Hills, Mrs. L. E. Hirt, chairman, totals \$274,500. Pasadena, Mrs. Myron Hunt, chairman, follows closely with a total of \$262,000. San Pedro, Mrs. Coiden, reports \$21,100, of which \$12,500 was realized on Woman's Day alone.

Venice, Mrs. Shelton Bassell, has reports of \$23,100, and Inglewood, Mrs. R. M. Stevens, chairman, has crowds close to the top of the list with \$214,400. Huntington Park, Mrs. L. C. Schuster, has turned in \$21,750, while among the precincts, Mrs. Minnie Gibson, chairman for Precinct 1, has secured \$13,550.

The church guilds are beginning to secure good results in their work, being led by Immanuel Presbyterian Church, with \$14,500, while St. Paul's Pro-Cathedral, the Third Presbyterian church and churches of Jewish and Catholic faiths are lining up in splendid fashion.

Among the State Societies, Iowa, Mrs. E. H. Durley, chairman, leads with \$12,500. The New England Society, Miss Helen M. Ford, chairman, and the Maryland Society, Mrs. Lillian H. James, chairman, are in second and third place.

The council of Jewish Women, Mrs. Henry C. Klein, chairman, has already reached its total for the last Liberty Loan drive, \$125,000, and holds first place among the women's clubs. Highland Park Ebell, Miss Nellie M. White yesterday reported \$71,500. Among the national organizations, the W.C.T.U., of which Mrs. Martha Law is chairman, stands first with \$45,000.

LIST OF DRAFT NUMBERS.
Here's Another Installment of Army Lottery Figures from Washington.

STYLE HEADQUARTERS

Where Society Brand Clothes are sold

BY looking at clothes you can't tell what is in them, or how they are made. And in these times you are more dependent on the Society Brand label than ever before. It's the maker's pledge of satisfaction and your way of knowing that you are getting style that will last and shape that will hold until the fabric is worn out. In Society Brand the workmanship is carried to a farther degree of excellence than probably in any other clothes.

GOVERNMENT IS BACKING FAIR.

Liberty Exposition Supported by State, Nation.

Praise for Efforts to Raise Food-Production Rate.

Telegrams of Congratulation Come in Showers.

The California Liberty Fair, which opens next Saturday, is one of the very few expositions that have been given government recognition since this country entered the war. The government, in fact, is itself making a remarkable exhibition, which will include displays representative of many of the departments at Washington.

Secretary of the Interior Lane yesterday sent a telegram to Director General Fridham, extending congratulations on the imminent opening of the California Liberty Fair. In this telegram, he said:

"Everything done now to stimulate our output of foods is a patriotic effort. Europe will call out to us for bread and meat for some years to come. The war is not over yet. We are only newly in the field, and it will take years after the war for Europe to get on her feet."

A telegram from Senator Phelan says: "The increased yield is necessary to meet the demands of the war, and the demands of the after-war period will be just as insistent. I congratulate Southern California and its first annual Liberty Fair on assuming the task of stimulating production. It is a war work of the greatest importance."

Congressman Osborne says in his message: "Please receive my cordial congratulations upon your splendid work and that of your associates in organizing the California Liberty Fair and making it a glorious success in these times of war."

"The California Liberty Fair is a most loyal and patriotic undertaking with the highly commendable object of stimulating agriculture and live stock production in Southern California and improving its quality. Our brave boys on the western battle front in France, as they fight their way over and through German trenches and barbed-wire entanglements in the Arizona forests and elsewhere, will have their stout hearts strengthened when they know that the people at home are successfully struggling to keep up and improve the supply of live stock and agricultural products with which they are to be fed."

Gov. Stephens, who will formally open the Liberty Fair, says:

"The need of the times is increased food production. The man who grows vegetables, grains and fruit and the man who raises live stock should be encouraged to do his utmost to increase the quality and quantity of his production. The Liberty Fair opening in Los Angeles on October 12 offers a splendid means for such encouragement, and I am glad to give it my indorsement and wish it every success."

D. SPENCER IS NOW IN HOSPITAL FOR INSANE.

United States District Judge Tripp yesterday received a letter from the office of the Attorney-General at Washington, informing him of the recent disposition of D. Spencer, who some time ago was sent to the Federal penitentiary at McNeil's Island for the period of five years for sending an improper letter through the mails. The communication states that Spencer was transferred to the Federal prison at Leavenworth, but later on adjudged insane, and is now at St. Elizabeth's Hospital, Washington, D. C. Spencer is the man who declared that he was the "miscreant who blew up The Times Building, October 1, 1916, and told other wild tales that showed his insanity at the time of his trial in the local court.

VOTE TO REPEAL OUR GASOLINE ORDINANCE.

REQUEST BY OIL DIRECTOR RESULTS IN ACTION BY CITY COUNCIL.

According to a request from D. M. Folsom, Pacific Coast Oil Director, the City Attorney was instructed by the City Council yesterday to prepare the ordinance repealing the so-called gasoline specifications law.

In making the request, Mr. Folsom stated that the best quality of gasoline is being sent to the various aviation camps, and that the demand for the best is increasing. As a result of the repealing ordinance, the refineries may sell any kind of gasoline, but it is not believed they will take advantage of the opportunity to flood the markets with an inferior grade.

Councilman Mallard stated that he would vote for the repealing of the ordinance because the matter had been put up to the Council by the government, but he personally believes it will result in enriching the refineries.

Councilman Olsen said he did not think a charge of profiteering should be hurried; that the government has honest, capable men looking after fuel conservation, and their requests should not be looked upon with suspicion.

IN TWO-WAY DECISION.

Youth Who Shot Another in Pistol Duel Is Cleared of Murder, but Found Guilty of Intent.

Carl Sealey, who was being tried in Superior Judge Willis's court on charges of murder and assault to commit murder, was found not guilty on the first charge, but guilty on the second, by the jury early yesterday.

The jury found Sealey not guilty of killing Dale Fenninger, who was shot during a gun battle between the defendant and Patrolman H. C. Huling on the night of April 14, last, when the officer attempted to arrest the boy on suspicion of robbery. During the exchange of shots the policeman was wounded six times. Sentence will be passed Friday.

Hamburger's

ESTABLISHED 1881

Our Paris Service for the Boys "Over There"

HAMBURGER'S organization reaches across the sea to the boys in France, yes, to the very trenches of the American Expeditionary Forces.

Hamburger's Paris Office

Has perfected and enlarged its organization—and arranged to supply the boys "Over There" with anything you may wish them to have.

MONEY placed to your soldier boy's account at Hamburger's in Los Angeles will be disbursed to him wherever his unit may be located, from Hamburger's Paris office.

CHARGE ACCOUNTS arranged for at Hamburger's in Los Angeles can be shopped on in Paris, or if he is unable to do his shopping in person, Hamburger's will undertake to shop for him and purchase and deliver the merchandise he wishes, charging the same to his account.

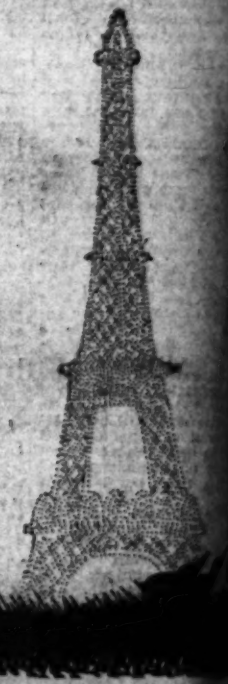

A patriotic service that releases every available inch of space on shipboard and still permits you to send the comforts and conveniences that your soldier boy will delight to receive.

Soldiers and Sailors Canteen, Main Floor.

From "Over Here" to "Over There"

Gifts to the soldiers must be in the hands of the Red Cross by November 15th to insure their delivery in France by Christmas. Packages are limited one to a soldier.

YANKS STOP DRIVE

WITH THE AMERICAN complete reports show that the troops had to storm Hill 263 was captured.

advance here and there by the British and the stiffest kind of machine-gun fire, but the Americans went on to capture the hill. The advance artillery had been so complete that the Germans could not stop them.

More than 1,000 prisoners had been counted up to late this afternoon and more were coming in. A strategic point of view it was more important than the capture of the hill. The British Army appeared from just north of the hill and sent a wave of tanks and no more serious enemy opposition to encounter.

local conditions for the American troops are in prospect and the Germans have lost a large part of their

ALLIED GU

WITH THE ANGLO-AMERICAN and St. Quentin continues to be the British and American troops steady to the east.

WITH THE ANGLO-AMERICAN and St. Quentin, Oct. 8, 1918 a.m.—When the British and Fourth armies and the American troops resumed their advance today, the British First Army moved north of Cambrai. The British Army gained considerable ground toward Villers-en-Artois.

The Anglo-American advance proceeded behind an intense barrage fire from the British artillery, which the Germans seemed unable to withstand. The Germans now have applied their force to the beautiful town of Cambrai, in the general direction of the American line. The Americans are driving them from the town.
